INTRODUCTION

This Annual PCB Document Log has been completed with information collected from the Site WEMS Database, and the Traffic Department. This report provides generation, shipment, and end-of-year storage information for PCBs at Rocky Flats Environmental Technology Site (RFETS). For the WEMS data output, the following assumptions/changes were made to the data:

1. For waste without a PCB "out of service date", the extended date from the WEMS package history report was used for the "out of service date";
2. Blank fields in the WEMS data were filled with the best available data,
3. For Bulk waste without a PCB date, the PCB Date was populated with the Fill Date,
4. All packages with a Fill Date in CY2005 were removed,
5. All packages with a Locale field of LABEL ROLL were removed, and
6. Packages without a fill date will not show up in the PCB Generated CY2004 spreadsheet

Specific manifests, Certificates of Disposal, and records of verification telephone calls are maintained by the RFETS Transportation Group.

In accordance with the requirements of 40 CFR 761.180, the Annual PCB Document Log has been prepared by July 1st of 2005. The requirements of 40 CFR 761.180 are presented in bold. The Site-specific information for each requirement is presented directly after the bold text.

The supporting WEMS data used to compile this document are included as Attachments A, B and C to this report.

40 CFR 761.180

(a)(2)(I) The name, address, and EPA identification number of the facility covered by the annual document log and the calendar year covered by the annual document log:

ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE
12101 Airport Way, Unit A, Broomfield, Colorado 80021-2583
EPA ID# CO7890010526

This document log covers the calendar year from January 01, 2004 through December 31, 2004.

(a)(2)(ii)The unique manifest number of every manifest generated by the facility during the calendar year:

Unique manifest numbers for calendar year 2004 shipments were 07543, 07667, 07668, 07707, 08375, 08627, 08777, 09176, 09177, 09241, and 09649.

Manifests are stored in accordance with RFETS procedure 4-T17-Traffic-502. Copies of the manifest are available through the Site's Traffic Department.

and from each manifest and for unmanifested waste that may be stored at the facility, the following information:

(A) For bulk PCB waste (e.g., in a tanker or truck), its weight in kilograms, the first date it was removed from service for disposal, the date it was placed into transport for off-site storage or disposal, and the date of disposal, if known.

None

(B)The serial number (if available) or other means of identifying each PCB Article (e.g., transformer or capacitor), the weight in kilograms of the PCB waste in each transformer or capacitor, the date it was removed from service for disposal, the date it was placed in transport for off-site storage or disposal, and the date of disposal, if known.

None

(C) A unique number identifying each PCB Container, a description of the contents of each PCB Container, such as liquid, soil, cleanup debris, etc., including the total weight of the material in kilograms in each PCB Container, the first date material placed in each PCB Container was removed from service for disposal, and the date each PCB Container was placed in transport for off-site storage or disposal, and the date of disposal (if known).
